

# Llswerry High School

Friday 6th December 2024

## Headteacher's Update

Dear Parents and Carers,

Many thanks for your patience and understanding today while we were investigating a H&S issue on the school site. Closing the school is a last resort but it is vital that we ensure the safety of staff and learners at all times.

**MONDAY**  
**YES! WE'RE**  
**OPEN**

**I can confirm that the school will be open as normal on Monday.**

Unfortunately, due to the emergency closure, we were unable to hold our annual Cluster Christmas concert which I was thoroughly looking forward to. It always marks the start of Christmas celebrations for me. Thank you to those for all the work that went on to prepare for it, I am sorry we did not see all the wonderful performances,

### House Christmas card Design Competition

As per our new tradition, our house competition this half term is designing a Christmas card which are used as the school's official card. Our winner last year, Sarah T. was one of the judging panel this year.

Here is the winning design - **Congratulations Mia B 7L1**  
**Runners up - Yavindi & Annabel 9B2**

The official cards have already been made and I have been signing them ready to send out.

This challenge has certainly changed the standings in the house competition this year with last year's winner Llewelyn in last place!

1439	1295	1424	1704
Owain Glyndwr	Llywelyn	Branwen	Gwenllian

Efforts to High Things

### Year 7 Boys' Football

On Monday, we hosted a 5-a-side friendly tournament against Caerleon. It was great to see that almost 60 Year 7 boys took part. Well done to everyone!

### Year 9 Boys' Football

A great performance from our year 9 boys in Monday's friendly against Gwent is Coed. Despite some outstanding individual performances we lost 4-2.

★ Seren y Gêm - Evan W. (Left Wing)

### CyberFirst Girls - Competition

The CyberFirst Girls Competition has successfully concluded! While we did not place at a national level, we are incredibly proud of all our participants, especially our top-scoring team from 8B1. These talented girls achieved a combined point score of 2717 and completed over 120 questions!

Below is an expert-level question that the girls completed and got correct. Can you solve it?

Our secret agent has made it to Dr. Badfella's mainframe computer and needs to log in to stop Dr. Badfella from taking over the world! The only problem is we don't know the password. A sticky note on the side of the monitor says: "password is the sum of all the prime numbers less than 10000."

**I'll let you know the answer next week!!!**

### Christmas Jumper Day - Wednesday 11 December

We will be taking part in the Save the Children Christmas Jumper day on Wednesday 11 December to coincide with our Christmas lunch.

If you would like to donate, please use the link below

[Donate here](#)

### Upcoming Dates

- Wednesday 11 December - Christmas Jumper Day & Christmas Lunch
- Thursday 12 December - Post 16 Pathways Evening (for Year 11)
- Friday 20 December - Last day of the Autumn term

Thank you to all our families and our community for your continued support.

Best wishes,

Julia Fitzgerald  
Headteacher
