Headteacher's Update

Dear Parents and Carers,
Another busy week here at Lliswerry! Here's what's been going on.

Year 9 Trip to Abernant Lake

Year 9 had an unforgettable adventure at Abernant Lake, where they took on exciting challenges like high ropes, stand up paddle boarding, rifle shooting and axe throwing. With smiles all around, they pushed themselves to new heights... literally! From climbing through obstacles in the trees to navigating trails with maps in hand, everyone had a fantastic time. The trip wasn't just about fun; it also helped them build confidence, teamwork, and resilience. Year 9 showed great ambition and resilience, and came back with amazing memories and new skills to be proud of. Da iawn blwyddyn 9!

A massive thank you again to Miss James for organising and all the staff who accompanied the learners.

NEW YEAR 7

Year 6 Rounders Event

As we prepare for our new Year 7 cohort to start with us in September, today Year 6 learners from across the cluster participated in a friendly rounders tournament. This was an opportunity to meet teachers & learners starting here in September. Well done to all who participated & our amazing Year 9 helpers who umpired the games!

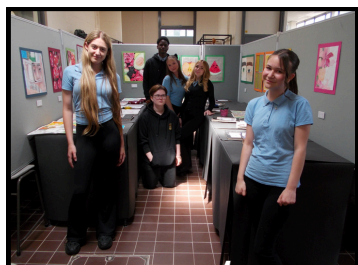

ASPIRE Record of Achievement Event

Today, I was proud to attend the ASPIRE record of Achievement events at the Riverfront in Newport. Well done to the learners and staff for the great work and the achievements they have made.

Art Moderation

We have a wonderful Art work on display at the moment ready for the GCSE and A level art moderation. It is amazing to see the talented artists we have. I will be able to show you the work in more details after they have received their results.

Please help us improve our communication

We know that there are some parental concerns about communication. Mrs. Bartley has been working with a group of parents to address these concerns.

We would also really appreciate your feedback so we know what your issues are and then we can work together to solve them.
