Thank you to Mr. Palmer, Mr. Jones and Miss. Begum who are leaving us at the end of term. We will miss you!

I'm sure you will have noticed if you have been to the school that our new 4 classroom demountable has arrived. It took 11 and a half hours to build. We have condensed it into 52 seconds for you to watch!

Year 12 Post 18 Pathway Planning

On Wednesday, Year 12 students embarked on the exciting journey of planning their pathways after Lliswerry. They looked at how to complete University applications and explored apprenticeship opportunities. Simon Lovell-Jones from Aberystwyth University visited to provide valuable insights on course options and future career pathways. Learners worked to research potential courses, and began drafting their personal statements that will be used whichever pathway they choose.

Access All Aber Summer School (written by Year 12)

We got to experience what university life is really like for a week! We took part in different academic lectures including law, psychology, biomedical science, and sports science,. We also made the most of being in Aberystwyth by going for walks along the prom, going into town and spending time with people from other schools. We also found out we were the biggest group of students from a single school to go so we felt proud to represent Lliswerry. By the end of the week, we felt more confident, inspired, and prepared for university, and truly grateful for such an exciting experience.

GEMS Gypsy, Roma and Traveller History Month Competition
