Yesterday, we had an Open Evening at the hub where we showed families the range of support and interventions that are available as part of our ALN provision.

Thank you to all the families who visited and the positive feedback you gave. We will be running more events in September.

This year we have made several changes to improve communication between home and school based on previous feedback, which was really valuable.

These include:

- Improved phone lines
- Improved communication tracking
- Improved route to report absences
- Training for staff to improve communication
- A new school Facebook page
