HEADTEACHER'S UPDATE

Dear Parents and Carers,

Friday 20 November 2026

This term is always busy, it's great to see all the great opportunities our learners are experiencing.

BREAKING NEWS

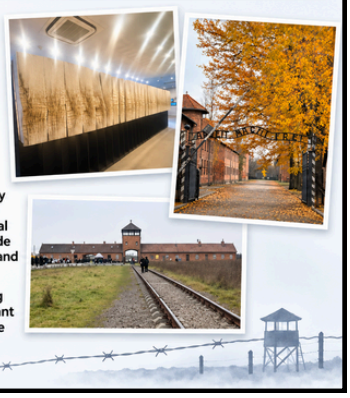

Learn from Auschwitz Project Visit to Poland

Alicia and Seren, Year 13 learners

As part of a Learn from Auschwitz Project, we visited Poland for a day trip, where we had the opportunity to visit Auschwitz I and Auschwitz-Birkenau.

During the visit, we explored the former concentration and extermination camps, learning more about the history of the Holocaust and the experiences of those who were imprisoned there. We were able to see some of the original buildings, personal belongings, and memorials, which made the experience particularly moving and helped us understand the scale of what happened.

It was an incredibly eye-opening and thought-provoking visit, giving us the opportunity to learn about an important part of history beyond the classroom. It is an experience that will stay with us for a long time.

<u>Year 11 Post 16 Planning</u>

This week, we continued supporting Year 11 as they plan their post 16 pathways. Thank you to everyone who attended our Post 16 Pathways Evening on Tuesday. On Thursday, Year 11 learners took part in mock interviews with local employers. Employers praised the high standard of CVs and the confidence, enthusiasm and professionalism shown throughout. Our learners were a credit to the school, and we are very proud of them.

SPORT NEWS

Football

An unlucky afternoon for the post 16/Year 11 football team who narrowly lost 4-3 to St Julian's School. The boys played really well in the second half and fought back hard.

Goals - Taku C. ⚽⚽ Ramos G. ⚽

⭐Seren y Gêm Evan W.

Year 9 STEM Cymru

This week, STEM Cymru, funded by CSconnected, delivered Year 9 workshops on LEDs and semiconductors. Learners built their own LED torches and impressed visitors with their enthusiasm, questions and interest in future careers in the sector.

Harry Potter Trip

Year 8 learners visited Warner Bros Studios in London on Wednesday and Thursday. They had a fantastic time learning about how the Harry Potter films were made. On both trips, the coach drivers commented on the excellent behaviour of learners. Thank you to the staff too who supported on each day and, arguably, were even more spellbound than some of the children.

Thank you to all of our families and our community for your continued support.

Best wishes,

Julia Fitzgerald
